PREFACE

This report presents the biographical characteristics and achievements of the 1376 cadets who entered the Class of 1977. A separate report will compare selected characteristics of this class with previous classes. The admission scores listed in Tables 1, 2 and 3 are for the 941 Cadets whose admission was based on the CEER, while Tables 4, 5 and 6 are for the 435 Cadets whose admission was based on American College Test scores. The following abbreviations, explanations and definitions of terms apply to this report.

CEER	A statistically derived weighted composite score of four College Entrance Examination Board tests (Scholastic Aptitude Test-Verbal, Scholastic Aptitude Test-Mathematics, English Composition, and Mathematics Achievement) and a standardized high school rank score.
High School Rank	This is a score derived by converting the actual high school rank to a standard score, using a formula developed by the Educational Testing Service.
Whole Man Score	This is a weighted composite score of the CEER or ACEER, the Physical Aptitude Examination score and the Leadership Potential Score.
Physical Aptitude Examination Score	This is a standardized score developed to measure physical capabilities.
Leadership Potential Score	This is a score derived from the ratings of the candidate by his secondary school teachers and evaluations by admissions officials of his type of participation in athletic and other school and community activities.
ACT	American College Testing Program.
ACEER	A statistically derived weighted composite score of ACT tests and High School Rank converted to the 200-800 range of the CEER.
